ABOUT ME

BSc CSIT student at Mount Annapurna Campus with a passion for web development. Skilled in .NET, Next.js, React, HTML, CSS, and JavaScript, I enjoy building responsive and user-friendly web applications. I have experience creating projects like e-commerce systems and event management apps. I am motivated to turn ideas into practical digital solutions.

EDUCATION

[New Horizon Secondary English Boarding School](#) | 2019-2021

+2

Completed +2 in Science from New Horizon Secondary English Boarding School. Gained a strong foundation in mathematics, computer science, and analytical thinking. Developed an interest in IT and software development.

[Mount Annapurna Campus](#) | 2022-Present

BSC. CSIT

Currently pursuing BSc CSIT at Mount Annapurna Campus. Learning programming, web development, databases, and software engineering. Building practical skills through projects and real-world applications.

PROJECTS

[E-Commerce](#)

Developed a full-stack e-commerce web application using .NET MVC. Users can browse products, view details, and manage orders through a structured interface. The project demonstrates backend development, database integration, and server-side logic.

[Event Management System](#)

Built a responsive event management web app using Next.js. Users can create, manage, and view events with dynamic routing and interactive UI. The project highlights front-end development, component-based design, and smooth user experience.

TECHNICAL SKILLS

- HTML
- CSS
- JavaScript
- .NET
- NEXT JS
- React JS
